

This will help you to reach the Chalet at Heart (Chalet à coeur) in Grimentz in Valais Switzerland

From the Motorway exit in "Sierre-Est", and then, direction "Val d'Anniviers", drive um to Vissoie.

In the center of the village of Vissoie, where all major shop and Post office are, take the road on your right direction "Saint Jean– Grimentz". The road goes shortly down and immediately afterwards follows the west shoulder of the valley up again. You will be crossing the village of Saint-Jean and continue towards Grimentz. Some nice curves will bring you to the ancient village in the center of Grimentz with the pedestrian zone on your right side.

Continue towards Moiry (where the water dam his).

The village of Grimentz is still on your right hand slightly above you and on the left side the valley and the road leading to Zinal.

Once you are face to face with the **COOP supermarket**, please do not drive into the shop but make a U Turn on the right, follow the Route de la Roua. On the left side you will admire the departure of the ski lift, drive further and follow the last instructions as mentionned on the drawing hereafter
